RECOVERY ACT AND GRANTS.GOV

The Recovery Act (American Recovery and Reinvestment Act of 2009 📄 signed by President Obama on February 16, 2009) is the economic stimulus package of $787 billion. Read the Office of Management and Budget (OMB) memorandum 📄 about the role of Grants.gov in the Recovery Act.

> *"Making supplemental appropriations for job preservation and creation, infrastructure investment, energy efficiency and science, assistance to the unemployed, and State and local fiscal stabilization, for the fiscal year ending September 30, 2009, and for other purposes."*

In an effort to provide complete transparency for Recovery Act spending, the website RECOVERY.gov was created. A helpful timeline about the Recovery Act is also available. [EXIT Disclaimer]

Community Foundations: Florida

Community Foundations are nonprofit, tax-exempt, publicly-supported grantmaking organizations. These foundations are public charities, since they develop broad support from many unrelated donors with a wide range of charitable interests in a specific community. A community foundation has an independent board that is broadly representative of the public interest and it maintains a diverse grants program that is not limited in scope. In addition to making grants, these foundations often play a leadership role in their communities, serve as a resource for grant information and broker training and technical assistance for local nonprofits.
